"We're a homegroup of people from various congregations, keen on Bible study, prayer and laughter!"

"In the Bible, Acts 2:42-47 describes a radical, renewed and rapidly growing community, bound in love, bold in faith. They met regularly in homes, supporting and sharing with one another as they had need.

In the New Testament we discover a Christian community that is: growing rapidly, sharing the work of the church according to their gifts and skills, living adventurously by faith, giving of themselves and their possessions.

This was a community that demonstrated a distinctive Christian life-style, increasingly experienced God's Grace and which lived to build His Kingdom.

This vision of church remains ours today. To see it realised, we must continue to grow as a community with authentic Christ-centred friendships.

There is no better way of achieving this than through Homegroups.

Involvement in a Homegroup is connection with the heart of the Christian community at St Peter's."
